Register Your Device with Symantec VIP

Please register all devices with Symantec VIP to access the applications you need, like myTimeandExpenses and the Accenture Portal. Devices include PCs, mobile phones and tablets.

How to register your device with Symantec VIP:

You must register **all** devices that you log into with a unique ID and use to access Accenture applications. Registration requires a temporary passcode sent to a phone that is valid for 24 hours.

This will require a one-time registration per device and will take less than 5 minutes. Once you begin the registration process, you have 15 minutes to complete it before timing out.

Note: You can register up to 20 devices.

For detailed steps and instructions on how to register with Symantec VIP, please reference the Symantec VIP registration guide.

Additional information and troubleshooting steps:

- Visit the Symantec VIP Overview Page for detailed instructions on other registration scenarios and additional information.
- Click here for Frequently Asked Questions and Troubleshooting tips.
- If you would like to add, delete or rename a device, follow these instructions.
- If you require further registration assistance, please visit the Technology Support site or contact Technology Support via your standard channel. If you are in a Delivery Center location, please contact the DC ISU Support Desk.
